

BST8

Technical Details Metric Inch

Operating conditions		
Temperature range	- 45°C + 120°C	- 65°F + 275°
Hardness	55 Shore D	

DESIGN

BST8 backup ring is made from tough material that is long wearing with very good abrasion resistance in both dynamic and static application.

FEATURES

- Highly extrusion resistant material
- Wide temperature range
- Suitable for water based fluids
- Comes in a variety of sizes

MATERIAL

Seal design comes in a variety of materials and sizes. For more information, please refer to MSDS datasheet

APPLICATIONS

Wide variety of applications
